5 REASONS TO  
Switch to Scrunchies

1

*They are more considerate of your hair*

Scrunchies being made out of fabrics are more forgiving as they cause less friction even when supporting a tight ponytail or a topknot bun. They cause relatively less hair breakage being your hair's best friend.

SIMMI'S CHOICE

2

*They are more dependable*

Whether it is the killing seasonal moisture or sacrificing head wash for some extra minutes of sleep in the morning... scrunchies are to your rescue. Adorn a low bun or an effortless messy ponytail with a bold scrunchie to spice-up your hair.
